Dear Members and Friends,

As we begin another new year, the Board of Directors, Management, and Staff would like to thank you for being a member of the Landmark Credit Union family! We are a not-for-profit financial cooperative that pools our member's resources together to benefit each other. Landmark Credit Union has been the financial partner of choice for our members since 1935. We strive to honor that foundation of trust by always focusing on our members and the communities that we serve.

Even during these trying times, we continue to look at ways to enhance products and services to provide the best member service experience, exceptional value, and convenience. Our online banking product has recently been upgraded to include enhanced transaction features. In the first quarter of 2021, we will be introducing a new website that will allow for timely member notification of information and events.

Again, thank you for being a part of the Landmark Credit Union family, and we hope that 2021 will be a happy and prosperous year!

Sincerely,
Jerry W. Harper, Jr.
President

2020 is in the rear view and we're not looking back.
Let us help you start your New Year off right.

Everyday making a difference.™

Thank you to everyone who made a donation and helped support Wreaths Across America. With your help we raised \$3,606.69!

IRS warns people about a COVID-related text message scam

The thief's goal is to trick people into revealing bank account information under the guise of receiving the \$1,200 Economic Impact Payment.

Here's how this scam works

People get a text message saying they have "received a direct deposit of \$1,200 from COVID-19 TREAS FUND. Further action is required to accept this payment... Continue here to accept this payment..." The text includes a link to a phishing web address.

This fake link appears to come from a state agency or relief organization. It takes people to a fake website that looks like the IRS.gov Get My Payment website. If people visit the fake website and enter their personal and financial account information, the scammers collect it.

Here's what you should do if they receive this message:

Anyone who receives this scam text should take a screenshot and include the screenshot in an email to phishing@irs.gov with the following information:

- Date/time/time that they received the text message
- The phone number that received the text message
