

# Credit Union Advantage

March 2024 | Newsletter

## A Message to Members

Dear Members and Friends,

By the time this newsletter reaches you, Spring will be upon us with warmer days and more sunlight. Even with changing seasons and what seems like constant change in our communities and the world, Landmark Credit Union remains as ready today as we have for the past eighty-nine years to assist our members with their financial needs by providing a quality member service experience.

As I mentioned in the past few newsletters, the Westville Branch office has undergone a facility expansion and renovation project for the past several months. Thankfully, construction is completed, and our newly expanded and improved facility has been fully operational since late February. Thank you for your patience during the temporary lobby and drive-up closures during construction. We plan to have an official grand opening of the facility sometime this Spring. Please watch our website and social media for more information.

We have completed upgrading our Visa credit and debit card programs with tokenization to allow for the creation of a digital wallet, contactless card transactions, and a tiered interest-rate credit card program.

We continue to offer competitive loan rates with member loyalty discounts based on how you utilize the credit union. Our loan officers are always available and ready to assist you with your lending needs. Please do not hesitate to contact us with any questions.

Sincerely,

Jerry W. Harper, Jr.  
President & CEO

## Join Our Young Savers Club!

It's never too soon to start teaching money management skills to your kids. With accounts for children, including CD options, youth savings accounts, our youngest members have the tools and resources they'll need to become financially savvy adults. Ready to start Achieving Your Goals TODAY?

Every day making a difference.

# Bill Pay

## ENROLL NOW

When you need to manage your money... pay your bills... even send money to another person... you shouldn't have to juggle multiple apps and websites to get it all done. Bill Pay from Landmark Credit Union is the one central hub where you can take care of your payments from anywhere on any device, anytime you like.

### Set up

is simple!

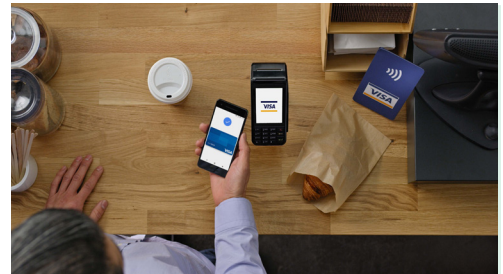

### Phishing Scams

With phishing, scammers use texts and emails to trick individuals into giving up personal information. The information they want includes passwords, Social Security numbers, account numbers and more. Their goal is to access your personal accounts, such as email accounts and bank and other financial accounts. Phishing scams are popular because of the accessibility of reaching large numbers of people through email and text messages. Phishing emails and texts often look as if they are sent from trusted companies you may already know. Typically, phishing scams require you to click on a link and complete an action like confirming personal information. The message may even mention suspicious activity on a personal account. If you ever receive a fraudulent email, phone call, or text impersonating Landmark Credit Union, please call us at 217-442-9005 so we can stay ahead of potential scams or fraud campaigns targeting our members.

# Mobile Wallet/Contactless

If your contact information is current, you can now Link your Landmark Visa debit and credit cards to your mobile wallet and pay with a single touch on your mobile device.

Make fast, convenient, and secure purchases in stores, in APPS, and on the WEB with your mobile wallet. It's simple! If you see the contactless symbol on a vendor's contactless reader, all you have to do is open the mobile wallet app on your smart device, select a card to use, and then hold the device a few inches above the payment reader. It's fast, convenient, and secure.

The "tap to pay" feature on your contactless card allows you to make quick, easy payments in seconds! The new Landmark Visa debit and credit cards are now contactless. Our latest cards feature "Tap to Pay" functionality which allows you to make quick, easy payments in seconds! If your Landmark card has the Contactless Indicator on it, you'll be able to tap your card against a merchant's contactless-enabled checkout terminal to complete a transaction.
